Our \$9.50 Suit Sale, provided they will hold out, will continue during the entire month. No use to describe what these Suits are; ask the multitude that bought and are wearing them. Still better, come in and let us show them to you. PRESIDENT ROOSEVELT has wisely determined not to encourage an increase in the membership of the Cabinet. If the increase continued the Cabinet meetings would rival a Legislature in full action.

THE first county in the United States to go dry was Potter county, Pennsylvania, in 1852. After over half a century of so-called prohibition, that never did prohibit, the pioneer county in the dry column has got tired of speakeasies, blind tigers and bootleggers, and has fallen from the front seat of the water-wagon with the customary dull thud. Regular licensed saloons are now in vogue in Potter county.

## Personal

Mrs. S. A. Shanklin of Helena was a business visitor in the city yesterday.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75¢. Take Hall's Family Pill for constipation.

WALL street ought to issue rain-checks with all watered stock.

THE public must not believe all it hears and reads in the yellow newspapers, concerning the great slump in railway traffic, and of the 320,000 idle freight cars reported tied up on account of the decrease in business. That there is somewhat of a falling off in general business and freight shipments there can be no doubt. But when it comes to the point of such colossal proportions as is now flashed from that fountain head of misleading information—Wall Street, then indeed, is it time to take such information with a pinch of salt. The truth is the business panic is here all right, all right, but there is nothing like the exaggerated condition of affairs now heralded from pole to pole with the Wall street menacing howl, inferring that the present financial trouble is the logical result of President ROOSEVELT's anti-Trust propaganda. It is a false charge and the public has not been slow to learn what many already expected, i.e., that we are enjoying much prosperity—it was too much of a good thing. Result—Nature called a halt. We've got to get back in the safe and sane column or there'll be a genuine old time run of hard times that will make Wall street sit up and take notice and make a noise like thirty cents.

Barring the threatened menace from the "night riders," Maysville, with the sum of \$1,700,000 cash deposits in her five Banks, is not making much complaint about the money panic.

**RAKING**

## DON'T BLAME HER

For she cannot help it. Women are often cross, irritable, hysterical, and declare they are driven to distraction at the slightest provocation.

Men cannot understand why this should be so. To them it is a mystery because in nine times out of ten this condition is caused by a serious feminine derangement.

A remedy is necessary which acts directly upon the organs afflicted, restoring a healthy normal condition to the feminine system, which will quickly dispel all hysterical, nervous and irritable conditions. Such is

### LYDIA E. PINKHAM'S VEGETABLE COMPOUND

The following letter serves to prove this fact.

Mrs. Mattie Copenhagen, 315 So. 21st St., Parsons, Kans., writes:

"For two years I suffered from the worst forms of feminine ills, until I was almost driven frantic. Nothing but morphine would relieve me. Lydia E. Pinkham's Vegetable Compound brought me health and happiness and made me a well woman."

### FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulence, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

In order to prevent the growing of any tobacco in 1908 bills were introduced in the House and the Senate at Frankfort providing a tax of \$50 an acre on all tobacco grown during 1908. The proposed act is drastic, and if it becomes a law will prevent any crop in 1908, for no grower could handle a crop with any profit if he was forced to pay a tax of \$50 an acre.

## A TIMELY WORD ON THE TOBACCO QUESTION.

"The American race," said our friend X the other day, "has a genius for the development of new principles of action—principles that at first glance seem, even to the innovators, to contradict the experience of all time. Its magnificent career has been a perpetual experiment in politics, commerce and practical science of every sort. From this point of view the 'Equity' experiment is beyond criticism."

"If the dwellers in a large tract of country are cultivators of a special product (as tobacco) of which they desire to control not only the production but the sale, there is no reason why they should not do so, provided the result can be accomplished peacefully, intelligently and by voluntary association. The ideal Equity ought to be simply a vast partnership with equal rights, under legal regulations, to every member of the firm. It is not to be an enforced partnership, or agreement, in any sense. But if a large body of cultivators formed into a voluntary association to market their own products without the intervention of the middleman, it would seem to a reasonable mind that they have a perfect right, under our free institutions, to dispose of their products in this way. But only a population of superior intelligence and large practical experience could successfully establish such a commercial innovation as this. In the hands of a shallow, hot-brained agitator such a project would inevitably fail. The experiment must be conducted throughout by a cool, sagacious, practical, broad-minded man. The Shakers are a shrewd combination of traders, and it is said that their commercial success is largely owing to the fact that they always send the devil to market—a tribute, not so much to the devil's character as to his superior ability."

# DAILY PUBLIC LEDGER

WEEKLY REPUBLICAN—1867.  
DAILY PUBLIC LEDGER—1898.

MAYSVILLE, KY., SATURDAY, JANUARY 25, 1908.

ONE COPY—ONE CENT.

The note sent into THE LEDGER and published yesterday saying that Mrs. Emma McCabe gave a dance in honor of guests proved to be a false item and Mrs. McCabe writes that she gave no dance to the parties mentioned. The item came to us through the mail with Mrs. McCabe's name signed to it.

Commonwealth's Attorney M. J. Hennessey left yesterday for Louisville to attend to the taking of testimony by the Federal Government in its case against the Trust. The Government attorneys expect to examine witnesses at Louisville, Cincinnati, Nashville and Richmond, Va., and Mr. Hennessey is going to follow them around the circuit to secure testimony to use in his cases against the Tobacco Trust.

SHERWOOD—TOLLIVER.

Mr. Walter Sherwood, aged 29, of Mason county, and Miss Mary Tolliver, aged 21, of this city, were married yesterday at the Methodist Parsonage, Rev. G. W. Benton officiating.

YOUNG—MASON.

On last Wednesday evening, January 22d, just as the gray twilight faded into the winter night, occurred the marriage of Miss Louie Mason and Mr. W. F. Young. The home of the bride near Orangeburg was prettily decorated with blooming flowers and evergreens, and at the appointed hour the happy couple wended their way to the parlor, proceeded by Miss Inez Young, the pretty little daughter of the groom, as flower girl. The bride was becomingly attired in a blue cloth traveling suit, and carried a lovely silk kerchief, a present from her father many years ago.

After the ceremony so fittingly performed by Rev. T. P. Degman, the way was led to the dining room, where a lovely bride's feast awaited them. The table decorations were carnations, the color scheme being red. Only relatives and near friends were present. They were the recipient of many useful and beautiful presents, which proves the high esteem in which they are held. May the balance of their lives be as happy as was the dawn of the wedding day.

Mr. and Mrs. M. Davis are guests of their daughter, Mrs. Isaac Levi, of Portsmouth.

Miss Elizabeth Quaintance of Forest avenue has returned home from an extended visit with friends in Lexington.

The deadlock in the Legislature over the election of a Senator continues with absolutely no prospect of Beckham's success.

The joint ballot yesterday resulted in no change over the previous day.

Beckham's supporters are growing more restless every day and may abandon him at any ballot.

There is something in the air at Frankfort regarding a deal between the bolters and the Bradley Republicans, but it is not given out.

FRANKFORT, KY., Jan. 24.—Senator Newmann's resolution providing for an investigation of the tobacco question in Kentucky promises to develop the first real skirmish between the Democrats and Republicans of the Senate next Tuesday.

## Most physics cause chronic constipation—or worse

Chronic constipation, piles, appendicitis and other such intestinal afflictions are more often caused by improper physics than anything else. The average physic, whether it is in the form of a water, candy, pellet, or pill, is intended to quickly and unnaturally move the bowels. Such an unnatural treatment so shocks and weakens the intestinal muscles that the continued treatment of stronger and stronger physics becomes necessary. This produces chronic constipation.

Piles and appendicitis are caused by the violent manner in which these explosive drugs attack the intestines.

**Dr. Caldwell's Syrup Pepsin**

in the ordinary sense is not a cathartic. It is laxative but acts differently from all other preparations. It contains great tonic properties, which strengthen instead of weaken the intestinal muscles. It is pleasant to take, does not gripe or cause pain, and never creates a necessity for the continual use of any physic. All druggists sell Dr. Caldwell's Syrup Pepsin for 50 cents and \$1.00 a bottle.

**Money back if it doesn't satisfy.**

MAYSVILLE, KY.

SPRINGDALE.

Mr. W. H. Stubblefield of Rectorville was a  
business visitor here Friday.

Mr. W. S. Tally our highly esteemed Post-  
master is seriously ill with grip.

A goodly number of our young men have  
lately joined the Order of Redmen at Orange-  
burg.

Misses Katherine Goodwin and Edith Gardener,  
two of Rectorville's charming girls were pleasant  
callers on friends here Sunday.

This neighborhood has many reasons for  
being proud of its young people. They are enthusiastic, enterprising and energetic. They now have a move on foot to build a house for  
public worship in town. Mr. John Otto, the  
town's most substantial citizen has kindly  
agreed to give a suitable building lot either on  
Main or Otto street. Subscription papers are  
out and so far about \$250 has been subscribed.  
This is real Home Mission work and should be  
encouraged by every one.

While crossing the church hole over the  
little brook at the foot of Fletcher Hill one  
morning recently, the front axle of the buggy  
in which Mr. Goodwin was bringing his daughter  
to school here broke. The buggy went down,  
clamping the occupants as in a trap. The horse became frightened and a serious accident seemed imminent. But thanks to strong  
lines and a masterhand, disentanglement from  
the wreck was soon effected. Mr. G. was un-  
hurt, but Miss G. sustained a sprained back,  
yet she freed a driving storm of snow and  
walked more than two miles to her school-  
house. This miserable "chuck" has been the  
Waterloo of many vehicles during the nearly  
two decades of its existence and has been the  
cause of countless anaesthetics pronounced on  
the heads of the powers that be. Two ladies  
driving over the same place a few months ago  
had much the same experience as Mr. G. and  
narrowly escaped serious injury. And yet the  
wretched crossing lies in a nest of tons and  
tons of the finest culvert building stone in Ma-  
son county. :: :

Mrs. Bee H. Marshall, on the Hill City pike,  
yesterday afternoon, gave an entertainment  
for ladies, at which the one appearing in the  
most old-time, grotesque costume would receive a prize. Mrs. Pyles won the prize. It  
was reported a most enjoyable affair.

**Rings  
Round  
Eyes**

J-19-

The ills peculiar to women, take different forms.

Some ladies suffer, every month, from dark rings round their eyes, blotches on their skin and tired feeling. Others suffer agonies of pain, that words can hardly express.

Whatever the symptoms, remember there is one medicine that will go beyond mere symptoms, and act on the cause of their troubles, the weakened womanly organs.
